Recommended Action:

I RECOMMEND THE BOARD OF COUNTY COMMISSIONERS (BOARD) APPROVE CHANGE ORDER NO. 1 FOR METHANOL, RECLAIMED AND VIRGIN (REBID) WITH SNF POLYDYNE, INC., (POLYDYNE) RICEBORO, GEORGIA.

Summary Explanation/Background:

Polydyne is the County's contractor for reclaimed Methanol fuel that is used in Tetra Dentrification Filters as a carbon food source for water treatment by DEI. As with most Pinellas County contracts, this contract has provision for use by other agencies. The City of Largo (Largo) made a decision to utilize (piggyback) this contract; Polydyne agreed to adjust their price due to the increase in volume generated by Largo's use of the contract.

The County's estimated annual usage for reclaimed Methanol is 300,000 gallons. This change order will adjust the contract price currently in place with Polydyne for reclaimed Methanol from \$1.50/gallon to \$1.40/gallon thus saving the County an estimated ninety thousand dollars (\$90,000.00) over the term of the contract. All other terms and conditions remain the same.

Previous actions associated with this contract in reverse chronological order are:

- September 6, 2011 award of bid by Board of County Commissioners

Fiscal Impact/Cost/Revenue Summary:

Estimated Total Thirty-Six (36) Month Expenditure:	\$1,501,200.00
Estimated Total Thirty-Six (36) Month Savings	(90,000.00)
Revised Estimated Total Thirty-Six (36) Month Expenditure:	\$1,411,200.00

Funding for this project is available under the Department of Environment and Infrastructure Operating Budget.

Re: Methanol Contract and Pricing

Dear Mrs. McKenzie;

As we discussed with the increase volume of Methanol created, by the City of Largo piggy-backing off of the Methanol contract. SNF Polydyne Inc. will agree to adjust our price of \$1.50/gal to \$1.40/gal.
