

# LEALMAN FBC

## YOU'RE INVITED!

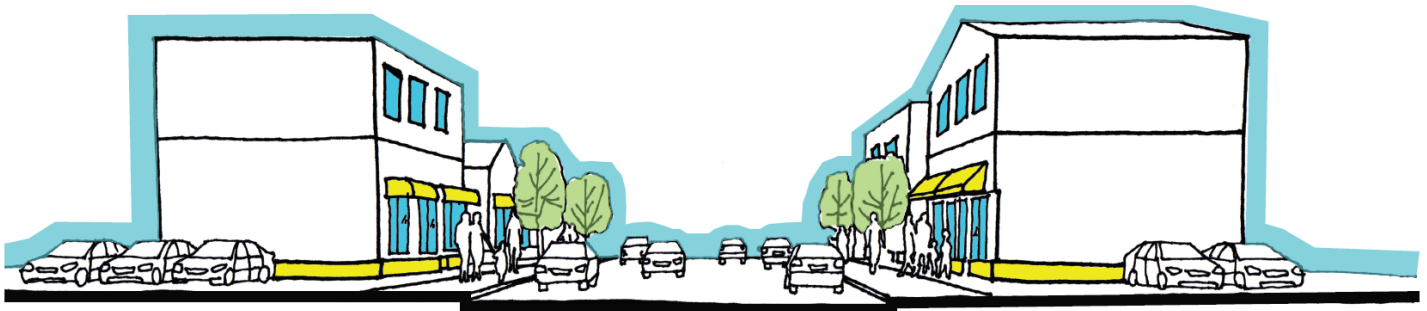

Pinellas County is seeking input for a new Form-Based Code initiative for the Lealman Community Redevelopment Area (CRA). A Form-Based Code is a land development code that guides development and redevelopment of properties in the CRA by focusing on the relationships between buildings, sidewalks and streets, while also promoting walkability.

The Lealman CRA is scheduled to be the first in unincorporated county to utilize a Form-Based Code (FBC), customized to consider the overall goals of a community and its' neighborhoods. The county is asking residents for their involvement before implementing the new code.

## WHEN & WHERE?

From **May 14-June 14**, citizens can view informational boards and handouts about the new draft code any time during normal business hours at the Lealman Exchange, located at 5175 45th St. N., Lealman, FL 33714. Additionally, a Pinellas County planner will be available on-site to answer questions and receive feedback from residents at the following times:

» **Wednesday, May 29th - 2:00 p.m. - 5:00 p.m.**
