

MOBILE MEDICAL UNIT ADVISORY COUNCIL

HHS|HRSA – PINELLAS COUNTY BOARD OF COUNTY COMMISSIONERS
HEALTH CARE FOR THE HOMELESS GRANT | #H80CS00024

MEETING AGENDA

DECEMBER 1, 2015 | 3:00 PM – 4:30 PM
JWB, 14155 58TH STREET NORTH, CLEARWATER FL 33760 | ROOM 181
CONFERENCE CALL-IN: DIAL 1-727-582-2255; PASSCODE: 718007

Welcome | Introductions

1. Chairman's Report

- i) Appointment of New Members
- ii) Consent Agenda
 - Approval of Minutes, November 3, 2015
 - Credentialing & Privileging of Additional Providers
- iii) Unfinished Business/Follow-Up
 - Patient/Consumer Recruitment for MMUAC
 - HEP/ Lealman Location Updates

2. Governance/Operations

- i) MMU/Safe Harbor Calendar – *Drew Wagner*
- ii) Site Visit Compliance Update – *Elisa DeGregorio*
- iii) PCMH Policies and Procedures – *Daisy Rodriguez*
 - Selecting a Personal Clinician
 - Appointment Access
 - Missed Appointments/No Shows
 - After Hours Access/Clinical Advice
- iv) Client Handbook Follow-Up – *Daisy Rodriguez*

3. Fiscal

- i) Notice of Awards – *Elisa DeGregorio*
- ii) Oral Health Expansion Grant Opportunity – *Elisa DeGregorio*

4. Clinical

- i) MMU Client Trend Report – *Drew Wagner*
- ii) Patient Centered Medical Home Update – *Dr. Chitra Ravindra*

5. Other Updates

- i) Bayside Health Clinic Update – *Daisy Rodriguez*
- ii) New Business

Adjournment | Next Meeting: Tuesday, January 5, 2016 @ 3:00 pm, Juvenile Welfare Board

MOBILE MEDICAL UNIT ADVISORY COUNCIL

HHS|HRSA – PINELLAS COUNTY BOARD OF COUNTY COMMISSIONERS
HEALTH CARE FOR THE HOMELESS GRANT | #H80CS00024

Nominees for Mobile Medical Unit Advisory Council:

- 1) **Margaret Matte**, Consumer

Co-Applicant Board Composition Requirements

- Board must be composed of individuals, a majority of whom are being served by the center and, this majority as a group, must represent the individuals being served by the center in terms of demographic factors such as race, ethnicity, and sex.
- Board must have at least 9 but no more than 25 members, as appropriate for the complexity of the organization,
- No more than two (2) MMU Advisory Council members may be Pinellas County Board of County Commission members,
- The remaining non-consumer members of the board shall be representative of the community in which the center's service are is located and shall be selected for their expertise in community affairs, local government, finance and banking, legal affairs, trade unions, and other commercial and industrial concerns, or social service agencies within the community;
- No more than one half (50% - for CHCs) of the non-consumer board members may derive more than 10% of their annual income from the health care industry.
- No employee or immediate family member of an employee of the public agency, or the co-applicant may serve as a member of the co-applicant board.

TAB 1 – CONSENT AGENDA

- **Meeting Minutes – November 3, 2015**
- **Credentialing & Privileging of Providers**
 - Medical Committee Meeting Minutes
 - C&P Tracking List – Dentist, Sharon Engelman
 - Specialists List

**Minutes of the Monthly Meeting of the
Mobile Medical Unit Advisory Council (MMUAC)
November 3, 2015 | 3:00 pm**

Location of Meeting:

Juvenile Welfare Board
14155 58th Street North
Clearwater, FL 33760

Present at Meeting: Laurie Lampert, Valerie Leonard*, Tom Wedekind, Mark Dufva, Sgt. Zachary Haisch, and Rhonda Abbott (by phone). Staff and community members present: Margaret White, Neil Brickfield, Dr. Chitra Ravindra, Drew Wagner, Dale Williams, Daisy Rodriguez, Lourdes Benedict, and Elisa DeGregorio. (*Consumer)

The regular meeting of the Mobile Medical Unit Advisory Committee (MMUAC) was called to order at 3:09 pm on November 3, 2015 at JWB by Chairman Valerie Leonard.

GUEST SPEAKER: Neil Brickfield, Police Athletic League

Mr. Brickfield thanked the Council for allowing him to come speak and present his request on behalf of the Lealman community. He described the Lealman community as zip code 33714, and a community long-known for being a high poverty area as well as the highest drop out rates, arrest rates, teen pregnancy rates, drop-out rates, and high homeless population. The mobile medical van had previously been to the Lealman area, but due to schedule changes, it no longer serves the area. There is a severe lack of medical care facilities in the area, and he would strongly encourage the Council to reconsider adding the location back to the schedule.

Discussion: Lourdes Benedict, HS Director, stated that she had met with Community Health Centers (the other FQHC/federally-funded health center) in the community and that they are planning to expand into the area, but will not be operational for about 18-24 months. Neil Brickfield added that the fire department acknowledges that many calls to 911 for service are from individuals with minor medical concerns that would be better addressed if basic primary care services were more accessible to the population. Mark Dufva relayed that he personally participates in the Adopt-a-Block program in Lealman and has seen the great need in the community. Lourdes asked if the new Clearview Elementary was within the area he described. Mr. Brickfield responded that it is in the southern part of central Lealman. Laurie Lampert asked Mr. Brickfield to clarify his request – are you looking for the MMU to locate within Lealman. He said yes. He acknowledges that there is a challenge to find a location suitable and accessible to the population to be served for the van, but believes that challenge can be overcome. Dr. Ravindra provided some additional background in that the van used to go to the Asian Family Center, but that was at the time that the van served some 15 locations (1/2 days in each location) which turned out to be inefficient due to the time it takes to set-up/break-down the van for service. The new schedule of one location per day is when the van was removed from the community – approximately 5 years ago.

The boundaries for consideration should be between Route 19 to the West, Route 275 to the East, 38th Avenue to the North, and 66th Avenue to the South.

Daisy Rodriguez closed the discussion suggesting that she and Lourdes will be meeting with Mr. Brickfield in the coming weeks and will work to identify some locations for consideration and come back to the Council with any final recommendations. Mr. Brickfield thanked the Council for their time and consideration.

I. Chairman's Report

- i. **New Member Appointment:** Ms. Leonard informed the group that Roy McDaniel who participated in the October meeting of the Council, could not participate in the future. Due to his medical condition, he cannot sit that long in the meetings and declined to participate further. Ms. Leonard did invite another potential new member, Maggie White, a consumer and resident of Pinellas Hope. She will sit in on the meeting today to observe and hopefully return for appointment to the Council next month.
- ii. **Approval of Previous Minutes:** A motion to approve the minutes dated October 6, 2015, was made by Mark Dufva, seconded by Tom Wedekind and **unanimously approved**.
- iii. **Credentialing & Privileging:** The Department of Health provided a copy of the Specialty Care Provider list with 28 additional names highlighted in yellow recommended for approval. A motion to approve the specialists for credentialing & privileging was made by Tom Wedekind, seconded by Mark Dufva and **unanimously approved**.
- iv. **Unfinished Business:** In follow-up to last month's meeting, the following items were discussed:
 - a. **Patient/Consumer Recruitment for MMUAC:** Maggie White from Pinellas Hope attended the meeting today to observe and for consideration to participate in the future. Daisy Rodriguez also proposed developing a new flyer to have available for distribution on the van for clients who may not know about the Council and may have an interest. Valerie Leonard suggested staff speak with counselors at Pinellas Hope who may have insights with specific clients to identify individuals who may make a good candidate.

In response to Mark Dufva's question to refresh the Councils' memory on the composition requirements, Elisa DeGregorio, Grants manager, reviewed the composition requirements (also included in the meeting packet under Tab1). She also reminded them that the County does have a waiver from HRSA on the patient/consumer majority requirement, but that we must maintain our diligence to recruit new members. The County has submitted a renewal for the waiver in the next grant project period submitted with the Service Area Competition/renewal grant. In addition, Ms. DeGregorio suggested that for those more transient individuals who do not have the capacity to attend monthly meetings, the Council could host focus groups at the different locations, to solicit input from the target population on services.

It was also recommended that if a video orientation was available, the shelters could show it during shelter orientations to clients. Pinellas Hope holds orientations to new residents on Thursdays but feels like the agenda is already packed and would not be able to fit it in, however they would be open to offering a separate meeting of new intakes on Friday for the purpose of educating clients to the health center program and Council. Lourdes Benedict also offered to send a HS staff member to that meeting to enroll folks in advance of their first visit to the health center.

Previously, when meetings were held at Pinellas Hope at 5:30 pm, we were able to attract more consumers, but we were not in full compliance with HRSA at the time, since we lacked the minimum # of members, we did not have any community members, and we still did not have consistent attendance. Sgt. Haisch suggested that once Bayside opens and the

medical teams move out of Safe Harbor, he would have space to host the meeting at the Shelter which may attract more consumers. Previously when hosting meetings at Pinellas Hope, we ran into space issues for the meeting and no conference line capability. Tom Wedekind also offered space at PEMHs for a meeting as needed.

- b. **Dentures Pilot Program:** At the last meeting of the MMUAC in October, Christina Vongsyprasom, Dental Manager with the Department of Health attended the meeting to provide the Council with an update on the Dentures pilot and provide an overview of services provided by the Dept. of Health. For the Dentures pilot program, the DOH was able to provide dentures to 70 individuals meeting the goal identified at the start of the program. The funding for lab fees and materials ended with the fiscal year, September 30th and is seeking additional funds to meet the demand. She estimated that the program would need approximately \$25,000 for lab fees as they already have the equipment and supplies in stock. She has started a waiting list for individuals should money become available. The group discussed funding opportunities and Lourdes Benedict would report back on HS budget opportunities and Elisa DeGregorio would check the use of any additional grant funds for the program.

FOLLOW-UP: Ms. DeGregorio reported that we have unallocated grant funds from the most recent base appropriation of \$54,424 on 9/21/15 NOA. There were no conditions or terms on the appropriation that would prevent the health center from allocating a portion of those funds towards the dental program. Since the patients served would be split amongst health center patients and Pinellas County Health Program patients, we would not need the full \$25,000 requested. A motion was made by Mark Dufva and seconded by Valerie Leonard to allow up to a maximum of \$25,000 of the base appropriation for use with health center patients for the dentures pilot program. The motion **passed unanimously**.

II. Governance/Operations

- i. **MMU Calendar:** The November and December calendars (included in the meeting packet) for the MMU and Safe Harbor were presented to the Council by Andrew Wagner.

Mr. Wagner informed the Council that the van has been out of service since October 20th due to a starter/engine issue and is being worked on the County fleet department. While they do not have a definite return date, he anticipates that by the end of this week or early next week, they may have it back. In the interim, the staff have been using the inside shelter facilities to conduct clinic.

Mr. Wagner noted the upcoming holidays on the calendar that the health center would be closed including Veteran's Day on November 11 and Thanksgiving November 26 and 27. In December, the health center would be closed on 25th and possibly on December 24th.

Mr. Wagner reminded the Council that the Safe Harbor clinic opened for expanded hours until 8pm starting on October 6th and from 8am until 12 noon on Saturdays due to the Expanded Services grant being awarded in September. In a first month review of client intake during the expanded hours, he found that after four (4) Fridays, the clinic only saw 8 patients total (1/1/5/1). Mr. Wagner recommended not offering Friday hours until 8pm due to the lack of clients. Sgt. Haisch confirmed Mr. Wagner's observation that shelter residents do not return on Friday evenings after normal working hours and often do not arrive back until curfew or after which is far beyond the clinic hours. He also concurred that those clients are being seen on Saturday morning

upon their return. Originally, the schedule, including Friday, totaled 24 hours of staff time. By removing Friday evenings, the center will be open an additional 20 hours and is still consistent with the original grant proposal of 20 hours. The Council agreed to the change in the schedule.

- ii. **Site Visit Status of Conditions Update:** Elisa DeGregorio, Grants Manager, provided an update on the on-going effort to lift the conditions on the grant that were identified as a result of the site visit in 2014. Ms. DeGregorio noted that now four (4) of the seven (7) original conditions have been lifted from the grant including the Sliding Scale Discount Fee, After Hours, Hospital Admitting and Continuum of Care, and Credentialing & Privileging. The Board Authority condition has been moved into a 60 day action and is due on 12/21/15. Ms. DeGregorio confirmed that we had all the necessary information to resubmit documentation for this condition. The remaining two conditions have been submitted for review by HRS within the deadlines established including Substance Abuse Services and OB/Pre-Natal.
- iii. **Policies and Procedures:** Ms. Daisy Rodriguez presented four new policies in draft form for consideration by the Council. These new policies (Selecting a Personal Clinician, After Hours/Clinical Advice, Appointment Access, Missed Appointments/No Shows) were included in the meeting packet for review. Ms. Rodriguez further explained that these new policies were being established in accordance with recommendations for the Patient Centered Medical Home Recognition that the health center is pursuing. Ms. Rodriguez reviewed each policy briefly noting that the Selecting of Personal Clinician policy would require the client to choose their physician and document it in both their client handbook and in their medical record. The Appointment Access policy defines routine and urgent appointments. The After Hours policy, previously approved by this board and by HRSA is being amended to include the ability of clients to seek clinical advice during both business hours and after hours. She proceeded to ask the Council to take the next month to review and provide any additional feedback to her. The Council would then be asked to vote for their approval of the new policies at the December meeting.
- iv. **Client Handbook:** Ms. Daisy Rodriguez presented a draft client handbook for review by the Council. The health center previously used a handbook prepared for the Pinellas County Health Program, but decided to amend it specifically to the health center program. The handbook is also a requirement of the PCMH recognition to have a process to orient clients to the practice outlining what the client can expect. She went on to review the main topic areas of the handbook and explained that we still have areas for edit and consideration to develop before review by the attorney and final approval by the Council. Ms. Benedict asked the consumers –would you keep this book? Valerie Leonard responded no...it may go in a file or be thrown out. She also noted that more transient clients have a very limited space to carry things and would not be likely to keep such a hefty document. Maggie White added that while the pharmacy listing is valuable, she also thought it would be too cumbersome. Both acknowledged that review of the document with the client is indeed of value though cautioned the staff to print hundreds of copies for distribution. Perhaps the Behavior Agreement page and a wallet size cutout of who their physician and medical home location would be most valuable. Ms. Rodriguez accepted the feedback and will make changes to the documents necessary, check with our PCMH technical assistance advisor on the required documentation, and make a condensed document/card that can be taken with the client.

III. Fiscal

- i. **Notice of Awards:** Ms. DeGregorio reported that we received three (3) Notice of Awards since the last meeting on 10/6/2015. They include:

H80CS00024 – 14-15 (Dated 10/06/2015) - \$0 Project Director Changed

This revised Notice of Award is issued to change the Program Director in accordance with your Prior Approval request.

H80CS00024 – 14-16 (Dated 10/08/2015) - \$0 Hospital Admitting Lifted

The grant condition R.4.1.120 Arrangements for Hospital Admitting and Continuity of Care stated on NoA 6 H80CS000241404 is hereby lifted.

H80CS00024 – 14-17 (Dated 10/22/2015) - \$0 Board Authority – 60 Day Action

Within 60 days, provide documentation the HRSA approved, time phased plan has been implemented. Your organization has 60 days to address this condition.

- ii. **Agency for Health Care Administration Grant Application:** Ms. DeGregorio informed the Council that the County was awarded the AHCA Community & Primary Care Services Grant in the amount of \$487,002 for use through June 30, 2016. The agency was looking for programs most capable of reducing health spending while improving the health status of uninsured and underinsured persons in their communities. Programs receiving grants shall reduce unnecessary emergency room visits and preventable hospitalizations by providing disease management; improving patient compliance; and coordinating services such as needed physician, diagnostic, dental, nurse practitioner, pharmaceutical, and other supporting services.

The County prepared an application requesting \$487,002 for the 15/16 fiscal year. The County received approval to submit the application through the County Administrator on 9/30/15.

IV. Clinical

- i. **Trend Report for Patient Counts/Encounters:** A copy of the October trend report was provided to the Council members indicating that a total of 1,980 unduplicated patients were recorded from January 1st through October 31st for the program. Further, Drew reported that between 4pm and 8pm, the clinic saw 37 new unduplicated patients with 96 total visits and a total of 110 patients and 307 visits since the start of the expanded hours. Funding for the expanded hours came from the Expanded Services opportunity awarded in September.
- ii. **Patient Centered Medical Home:** Dr. Ravindra reported that we are continuing our work on the Patient Centered Medical Home initiative. We continue to make progress on the required elements/factors required to achieve Level I recognition.

V. Other Updates

- i. **Bayside Health Clinic:** Daisy Rodriguez reported that construction on the clinic remains on track with the final plumbing adjustments/review and anticipates the slab to be poured in the next couple weeks. The contractor is still slated for completion by the March 30th deadline.
- ii. **New Business:**
 - a.) **Location Request/HEP:** Drew Wagner announced the HEP (Homeless Empowerment Program) has requested of the County for the van to provide services at their location. Ms. Rodriguez also met with the Sr. Director of Operations at HEP and they have identified that there is a need. Mr. Wagner did some preliminary research on patient flow and recommended that we

eliminate the 2nd visit to Pinellas Hope every other Tuesday in exchange for the new location. Clients that are seen at Pinellas Hope on those dates would be accommodated on the regular weekly schedule with no foreseeable problem. Tom Wedekind said it sounds like a win-win with no loss to the existing clients, but opens the door to new clients as well. Mark Dufva doesn't disagree with the data but would like to consult with Pam Long, the Director of Pinellas Hope.

- b.) Advance Appointments: Laurie Lampert asked if there were any opportunities to schedule appointments in advance as she often has clients returning from a hospital stay and have had a difficult time following up with their primary care doctor. Mr. Wagner informed Ms. Lampert that patient follow-up visits for routine care can be made in advance, but that individual urgent care appointments must be triaged with the other urgent care appointments for that day. However, Mr. Wagner would continue to work with these respite clients to accommodate them to the best of their ability and schedule.

The meeting was adjourned at 4:56 pm.

The next meeting will be held at **3:00 p.m. on Tuesday, December 1, 2015 at JWB**, room 181.

**Mobile Medical Unit (MMU)/Safe Harbor
Medical Executive Committee Meeting Minutes
Date/Time: November 24, 2015 from 1-2 pm EST
Location: FL DOH, Pinellas, 205 Dr. Martin Luther King St. N
Office 2-112 & Conference Call: 727-824/6905**

Team Member Attendance:
Dr. Stacey Golden: Senior Dentist, FL DOH Pinellas
Katelyn McGlynn: Human Services Analyst, FL DOH Pinellas
Rhonda O'Brien: Quality Assurance Coordinator, FL DOH Pinellas
Daisy Rodriguez: Health Care Administrator, Human Services Pinellas
Melissa VanBruggen: Medical Services Manager, FL DOH Pinellas

Agenda Item: Minutes
<p>Reviewed staff/contractors that will be presented at the next MMUAC meeting next week. (Attachments: 2).</p> <p>Follow up items:</p> <ul style="list-style-type: none">○ Rhonda will send the minutes and attachments to Elisa DeGregorio in preparation for the next MMUAC meeting. DONE
<p>Approved proposal to invite Elizabeth Smith, MSN, RN, Executive Community Health Nursing Director, Florida Department of Health in Pinellas County.</p> <p>Follow up items:</p> <ul style="list-style-type: none">○ Rhonda will send an e-mail invitation to Elizabeth Smith on behalf of the committee. DONE

The next scheduled meeting is 12/29/15 from 1-2pm EST.

11-23-15 Credentialing and Privileging Tracking List for HRSA

V. SCHEDULING AND COMPLIANCE

<http://www.pinellascounty.org/humanservices/mobile-medical.htm>.

CONTINUITY OF CARE: SELECTING A PERSONAL CLINICIAN

New 11/30/2015

The Pinellas County Health Care for the Homeless Program (HCH) provides continuity of care for patients, families and caregivers by assisting patients, families and caregivers in selecting a personal clinician and documenting the selection in the patient's record, as well as to monitor the percentage of patient visits with the selected clinician.

The HCH program promotes continuity of care by allowing patients, families and caregivers to select a personal clinician who works with a defined care team (the primary provider and the associated clinical employees who work with the provider). All providers and employees are aware of a patient's personal clinician and work to accommodate patients for visits and other communication with the selected clinician.

The HCH program acknowledges that a patient, family and caregiver may choose a personal clinician who represents the physician, advanced practice provider, or a team of providers, under a supervising physician, who share a panel of patients. It is the policy of the HCH program to document the choice of the personal clinician by the patient, family and/or caregiver in the patient's medical record.

The HCH program will monitor compliance with the fulfillment of the patient's choice of the selected clinician for all encounters and communication including office visits.

PROCEDURE

The HCH program maintains a field in its electronic health record to document the choice of a provider by the patient, family or caregiver. The field serves as the basis for the active panel size of each provider, and is monitored closely by Administration to ensure the appropriate balance of supply and demand.

In the workflow related to a new patient, employees and/or providers ask patients to choose a personal clinician. The HCH program supports the selection process by discussing the importance of having a provider responsible for coordinating care. The choice is documented at the patient's initial visit.

In the event that a patient, family, or caregiver desires to choose another provider, the request is documented and the patient is accommodated. The field that documents the patient's choice of provider is updated immediately.

QUALITY ASSURANCE

The standard is 100% completion rate of the field.

The QA staff will monitor the policy and procedure in the following manner:

- Quarterly monitoring of the percentage of patient visits that occur with the selected clinician and his or her team.

APPOINTMENT ACCESS

New 11/30/2015

The health center provides access to team-based care for both routine and urgent needs of patients, families and caregiver in consideration of the preference of patients, families and caregivers in regards to appointment access.

It is the policy of the health center that patients have access to culturally and linguistically appropriate care in an efficient, timely manner in order to maximize access and continuity of care for both routine and urgent needs. The health center offers routine and urgent appointments from 8:30 am – 5:00 pm Monday - Friday. Same day appointments are accommodated whenever possible, urgent needs are addressed during the hours of operation.

PROCEDURE

The health center abides by the standards for open access. Same-day appointments (also referred to as "same-day scheduling") for routine and urgent care are available during normal business hours and are based on patient need and preference.

The health center defines "routine" and "urgent." Routine appointments are physicals, preventive services, and return/follow-up visits. Urgent appointments are those visits to accommodate patients with acute medical needs, noting that the patient's preference will be accounted for as it relates to defining the acuity. Routine and urgent appointments are provided at 15 minute intervals and offer open access schedule.

All routine new and established patients are accommodated within five days; all urgent appointments are scheduled on a same-day, unless the patient prefers an appointment date and time outside of the performance expectations for availability, the patient's preference is documented in the appointment notes associated with the encounter. In the event that the patient prefers an appointment date and time outside of the performance expectations for availability, the patient's preference is documented in the appointment notes associated with the encounter.

All employees and providers have online access to the daily schedule for recognition of the patient load.

QUALITY ASSURANCE

The Practice monitors the policy and procedure in the following manner:

- Monthly monitoring of actual appointment availability, as compared with the defined standards of the health center by appointment type. If the data reveal that the standards established by the program are not achieved three weeks in a row, a special meeting of the administration is held to discuss access improvement.
- Quarterly review of the patient satisfaction data specifically measuring access to care.

AFTER HOURS ACCESS AND CLINICAL ADVICE

Updated 11/30/2015

Clients needing medical care or clinical advice after normal operational hours are directed to call the after hours phone number to reach a physician. The phone number is: 727-824-6900. The client's medical card also includes the MMU/After-Hours phone number.

Clients may also seek clinical advice during normal business hours by calling 727-453-7866. Calls for clinical advice received during normal business hours of the clinic will be triaged by the clinical staff and when necessary, discussed with the Physician for follow-up and direction. Calls during normal business hours are handled on a real-time basis as schedule permits, or the clinician will return the patient's call within 15 minutes of the initial contact.

The contract with the Florida Department of Health in Pinellas County maintains after-hours access for clients. After normal operating hours, the phone will be switched over to the answering service that will process all incoming calls.

PHYSICIAN ON-CALL PROCEDURE

Each day the physician shall:

1. Obtain weekly Subject to Call list.
2. Ensure phone and laptop are fully charged.
3. Review all email and phone messages prior to end of workday.
4. Staff are expected to inform on-call physician about client related concerns that might result in after hours calls.
5. Inform answering service if there are any circumstances that might change the primary contact number they have on file.
6. Physicians are expected to remain current with policies and procedures affecting the community public health status.

NOTIFICATION RESPONSE

1. Respond to pager within 15 minutes as indicated by Department of Health guidelines.
2. Identify yourself to answering service, Bay Area Medical Exchange, by name, agency (Pinellas County Health Department) and account number (1630).
3. Courteously educate answering service staff if call is not appropriate. Examples include: adult dental inquiries or Law Enforcement for SAVE Program.
4. Return client call. Provide just enough information to establish correct contact. Notify answering service if you are unable to contact the client. This includes answering machine/voice mail. **Do not leave messages.** Exceptions could include Hospital Infection Control Nurse or Physician's Answering Service.
5. Obtain further information from client, assess and triage as needed to:
 - o Nearest emergency room or walk in clinic;
 - o Present to Health Department during business hours; or
 - o Contact subject matter expert for further instruction.
6. Basic education, anticipatory guidance and/or reassurance may be needed based on the nature of the complaint and information obtained. Normal and usual examples might include: women's health menstrual problems, colposcopy concerns, rashes and discharges.

7. Inform client that we do not provide a diagnosis or prescribe medication without a clinic visit and medical record. Do not call in a prescription, even if the client states that the Health Department provided them this medication and it was lost, spilled or stolen.
8. Please reference manual, literature and books for specific situations. These can be found on the On-Call Physician webpage or in the On-Call public folder
9. Document all calls with time, name of caller, situation, advice given and any references that were made in the On-Call Note (See Appendix A). On-Call Note will be entered into the patient's medical record.
10. The on-call physician does not have access to the health center patient's electronic health record so they contact the provider via telephone the following business day, and verbally inform the provider of the call details. The on-call physician or designee faxes the On-Call Note to the provider the following business day. Upon receipt of the fax, the provider or designee scans the note into the physician's electronic health record for review and acceptance. The provider accepts the scan via electronic signature, documents a telephone note in the patient's electronic health record which includes the details of the call. If needed, the provider or designee contacts the patient for a follow-up visit.

MISSED APPOINTMENTS/NO SHOWS

New 11/30/2015

The Pinellas County Health Care for the Homeless program has a written process and defined standards for providing access to appointments, and regularly assesses its performance on monitoring no-show rates.

It is the policy of the health center to assess its performance regarding patients who miss their appointments. No-shows are measured and monitored for internal appointments. (e.g., appointment at the clinic with a provider)

PROCEDURE

To provide continuity of care, offer consistent access, understand true demand and identify opportunities to enhance capacity, the health center monitors no-show rates. The clinic manager assesses and identifies patients who have missed appointments - a "no show".

As determined by the provider, communication for patient missed appointment is via telephone. An attempt is made to reach the patient if they are located at the facility the van is scheduled for on that given day.

If applicable, chronic failure to keep appointments, as defined by three or more no-shows, is discussed with the provider and an action plan is developed. The action plan may include identifying the patient for care plan development and oversight, or simply documenting the no-show, contacting the patient and addressing it verbally at the patient's next encounter. All communications are performed and documented in a manner that is consistent with medical and legal prudence.

QUALITY ASSURANCE

The Practice monitors the policy and procedure in the following manner:

- Monthly monitoring of internal no-show rates, as calculated by dividing the number of patients who did not keep their pre-scheduled appointments during a specific period of time (i.e. a session or a day) into the number of patients who were scheduled for an appointment during the same period of time.

TAB 3 - NOTICE OF AWARDS

There are no new Notice of Awards since November 3, 2015.

TAB 3 – ORAL HEALTH SERVICE EXPANSION

Notice of Funding Availability Summary attached. Board review and approval for the County to submit the application is required.

NOFA Summary:

Health Center Program: Oral Health Services Expansion

HHS | HRSA | FOA: HRSA 16-076 | CFDA No: 93.527

Purpose:

This announcement solicits applications for Fiscal Year (FY) 2016 Oral Health Service Expansion (OHSE) funding. The purpose of this supplemental funding opportunity is to increase access to oral health care services and improve oral health outcomes for Health Center Program patients.

Applicants must propose a plan to achieve all of the following **required outcomes**:

- Add at least 1.0 onsite full-time equivalent (FTE) licensed dental provider¹³ within 120 days of award.
- Increase the number of oral health patients and visits.
- Increase the percentage of health center patients who receive oral health services at the health center.
- Ensure that any new sites added through this FOA are open and operational within 120 days of award.
- Ensure that any new or expanded oral health services are provided within 120 days of award.

OHSE award recipients will demonstrate the impact of activities conducted with this funding through changes in the following Uniform Data System (UDS) measures reported annually by all Health Center Program award recipients:

- Number of full time equivalent (FTE) dental staff.
- Number of patients receiving dental services.
- Number of visits for dental services.
- Percentage of total health center patients receiving dental services.

The following are **unallowable** activities under this funding opportunity:

- Specialty complex dental services (e.g., oral surgery, surgical endodontics, orthodontics).
- Services to be provided through referral arrangements for which the health center does not pay (Form 5A, Column III).

Eligibility

Eligible applicants must be existing Health Center Program award recipients funded under section 330(e), (g), (h) and/or (i) of the Public Health Service Act.

Grant Amount

Approximately \$100,000,000 is expected to be available annually to fund an estimated 285 recipients. Applicants may apply for a maximum ceiling amount of up to \$350,000 per year. Of the \$350,000, applicants may request up to \$150,000 in Year 1 only for equipment (e.g., dental chair) and/or minor alterations/renovations (e.g., installation of dental chair); see [Appendix D](#) for details.

Matching Funds (Cash or In-Kind)

Cost sharing/match is not required in this program.

Deadline

Grants.Gov: January 19, 2016 @ 11:59 PM | HRSA EHB: February 2, 2016 @ 4:59 PM

TAB 4 – TREND REPORT

Due to the December 1, 2015 meeting date, the November trend report is not yet available.

The 2015 patient target for unduplicated patients is 2,390.

TAB 5 – OTHER UPDATES
