

Onsite Biometric Screenings

Complete your no-cost biometric screening at your worksite. A Quest provider will draw blood, take your blood pressure, and measure your height and weight.

Most appointments can be done during work hours but check with your supervisor first.

**Appointments are required.
Visit the website to register.**

Complete your annual biometric screening and clinical health risk assessment (CHRA) by November 30, 2026 to save \$500 on your 2027 medical premium.

Employees who opt out of the County's medical plan and those whose health coverage begins on July 1, 2026 or later are exempt.

Testimonials

- *It was so convenient. I was done in less than 15 minutes!*
- *I walked over to the conference room during work hours rather than getting up early and driving to a lab at 6 or 7 am.*
